## 3form® chroma™ Brilliant. Renewable. Solid.

Start with captivating color and then shed some light on it. Brilliant Chroma™ radiates like a colored jewel when lit, opening up new design possibilities. These solid surfaces are saturated with patented color infusion technology; they can be completely reprocessed at end-of-life, and enjoyed over and over again.

### Features

---

- solid and sturdy for a variety of horizontal or vertical applications
- can be shaped to accommodate radius curves
- surface can be renewed after years of use
- thick and stable for engineered load bearing applications
- amazing clarity for unrivaled light transmission
- offers unlimited aesthetic and design options
